

HELPPBNK LEGAL STEP 3 - LOCK DOWN DATA SOURCE RULES AND RATE-LIMIT SAFEGUARDS

Date: February 21, 2026

OBJECTIVE

Define enforceable data usage rules and technical safeguards for provider limits/costs.

DATA SOURCE RULES

1. Use approved APIs only
2. Follow provider terms for display/storage/redistribution
3. Keep source register with renewal dates and usage restrictions

TECHNICAL SAFEGUARDS

1. Per-provider rate limiting
2. Timeout and retry/backoff policies
3. Usage caps by plan (Free/Pro/Pro+)
4. Cost monitoring alerts for abnormal spikes

OPERATIONAL SAFEGUARDS

1. Weekly API spend review
2. Weekly error-rate review
3. Incident fallback messaging for users

COMPLETION CRITERIA

1. Source rules documented
2. Rate-limit and retry policies implemented
3. Monitoring/alerts active for usage and errors
