

VALUEVISION

Buy Into The Future Of Scanning, Pricing & Resale AI

A private partner pack for creators, social pages and strategic backers. ValueVision scale from launch app to wider resale intelligence comp

£25k = 5%
equity discussion

The Social Growth Scenario

If creator campaigns reach 40 million people and 1% convert to paying users, that is 400,000 users at around

40M people reached

1% paid conversion

400k paying users

£4M gross monthly revenue

Creators & Pages

- 20p-50p per confirmed paid sale via tracked link or code.
- Short-form demos: scan a car, laptop, tool, rare 50p, book or random find.
- Giveaway campaigns can turn attention into repeat installs and paid checks.

Money Partners

- Private discussion: £25,000 for 5% equity in ValueVision.
- This is company upside, not just one campaign.
- If structured in the company, future products owned by ValueVision are part of the upside.
- Final terms need written agreement and legal/accounting review.

Why It Can Branch

- Vehicle checks and valuation tools.
- Seller dashboards and reseller intelligence.
- Own AI recognition and pricing APIs over time.
- Creator-led commerce, giveaways and marketplace data.

What ValueVision Is Building

A free-to-download app that scans items and vehicles, identifies what they are, estimates resale value, stores results, and unlocks paid UK vehicle checks when users need deeper data.
